## Vision

To become a trusted leader in the maritime industry, recognized for excellence in service, reliability, and innovation in every solution we offer.

## Mission

- 1.To provide fast, accurate, and safe ship repair and mechanical services.
- 2.To ensure the availability and quality of ship provisions to meet all operational and crew welfare needs.
- 3.To build long-term customer relationships through transparent communication, integrity, and reliable after-sales service.

# Our Main Services

We offer integrated core services to support comprehensive vessel operations.

## Mechanical & Repair

We provide comprehensive mechanical and repair services for ships, ensuring vessels are always in optimal condition.

## Sparepart Product

We provide a wide range of high-quality spare parts from well-known brands.

## Provision & Ship Logistic

We supply high-quality provisions to meet all the operational and welfare needs of the crew.

## Underwater Inspection

we provide comprehensive underwater inspection services to ensure the safety, integrity.

## Mechanical & Repair

- **Ship Engine Overhaul and Repair:** We provide comprehensive overhaul services for various types of ship engines, from main engines to auxiliary engines.
- **Ship Electrical System Repair:** We handle the repair and installation of electrical systems, including control panels, generators, and navigation systems.
- **Welding and Fabrication Services:** We offer welding services for repairing ship structures and tanks, as well as fabricating metal components as needed.
- **Hydraulic and Pneumatic System Repair:** We provide repair services for winches, steering, pumps, and other hydraulic systems.
- **Routine and Predictive Maintenance:** We offer scheduled maintenance programs to ensure vessels operate in top condition and prevent unexpected breakdowns.

## Sparepart Product

- **Engine Components:** Pistons, liners, rings, fuel pumps, injectors, and filters.
- **Electrical Components:** Dynamos, alternators, starter motors, cables, and navigation lights.
- **Cooling System Components:** Sea water pumps, heat exchangers, and radiators.
- **Hydraulic System Components:** Hydraulic pumps, hoses, seals, and valves.
- **General Parts:** Bolts, nuts, gaskets, seals, and bearings.

## Provision & Ship Logistic

### Food Provision:

- **Fresh Food:** Fresh vegetables, fruits, meat, fish, and dairy products.
- **Dry Food:** Rice, sugar, flour, cooking spices, cereals, and pasta.
- **Frozen Food:** Frozen beef, chicken, fish, sausages, and seafood.
- **Beverages:** Mineral water, soft drinks, juices, coffee, and tea.

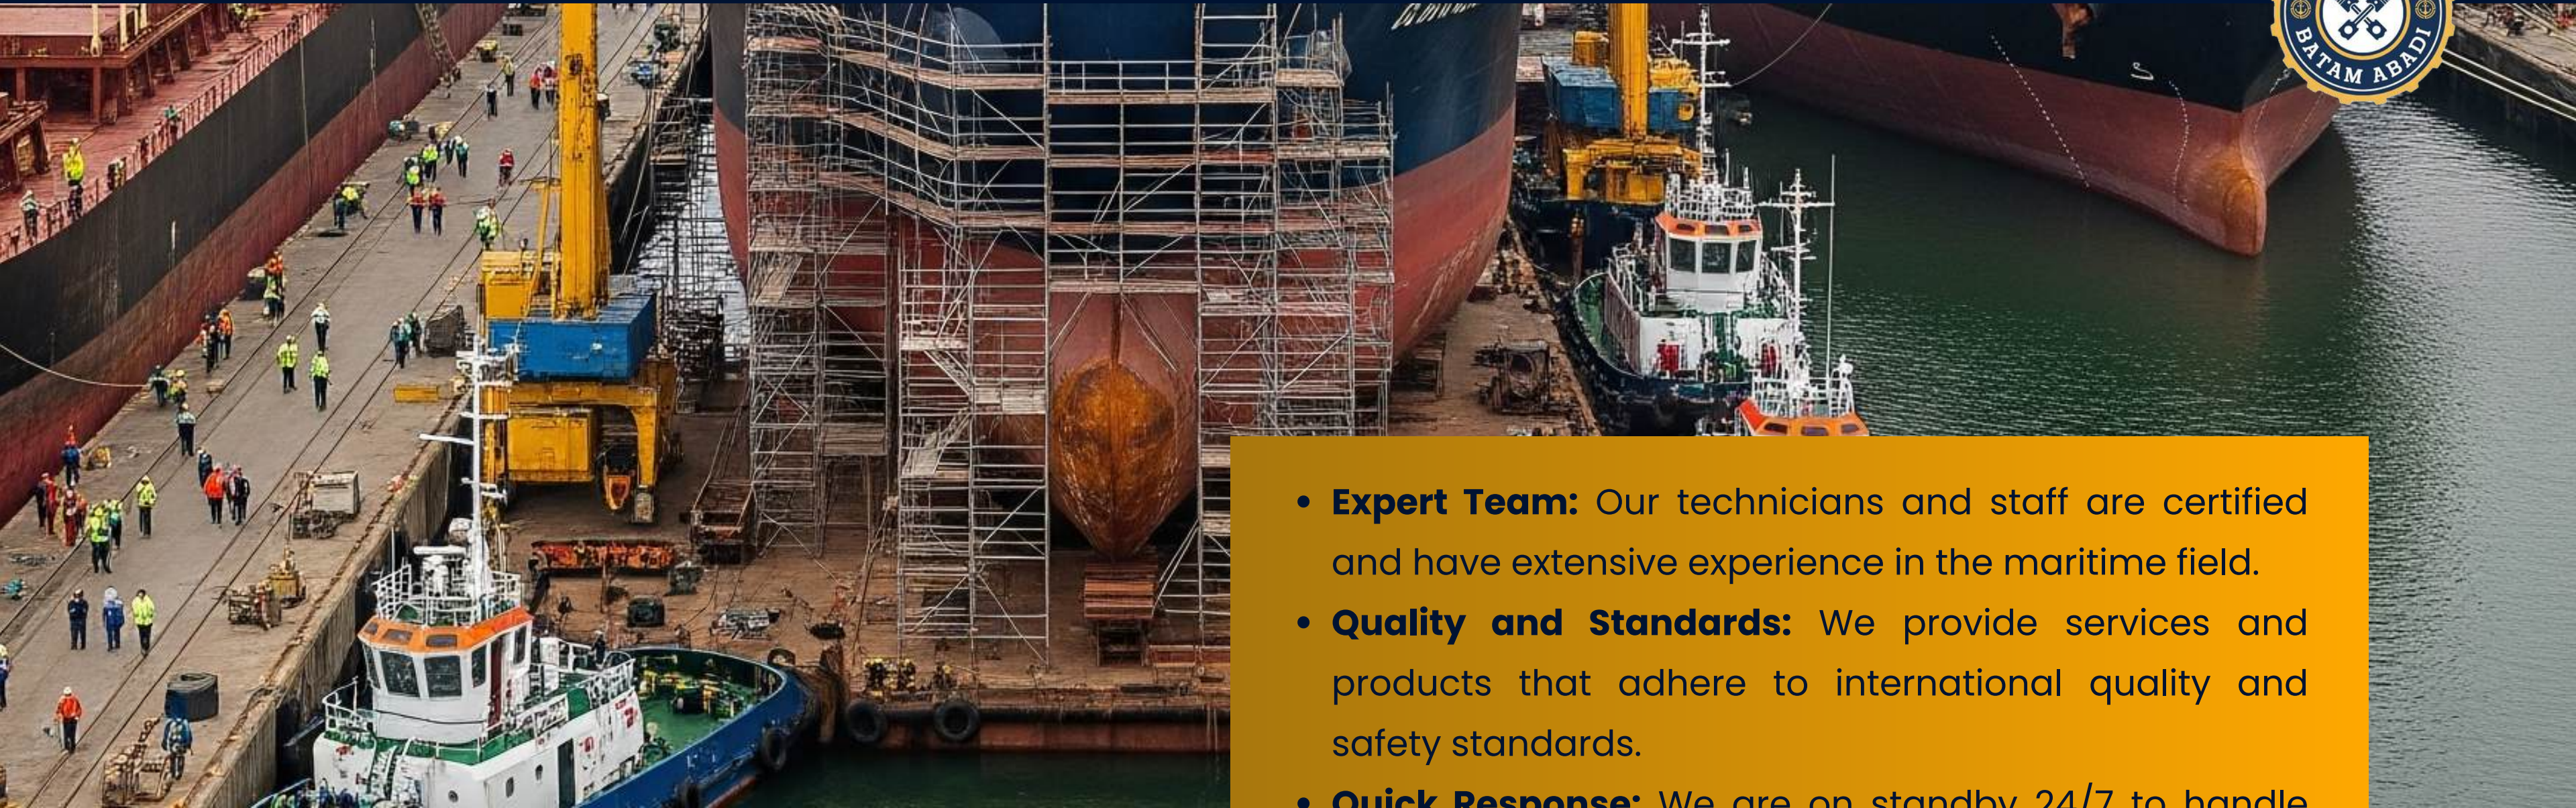

### Non-Food Provision:

- **Cleaning Supplies:** Soap, detergent, disinfectant, tissues, and cleaning equipment.
- **Cabin Supplies:** Towels, bed sheets, and toiletries.
- **Galley Supplies:** Cutlery, cookware, and storage containers.

## Underwater Inspection

- **In-Water Survey (IWS):** An inspection of a vessel's hull, propeller, and rudder without the need for dry-docking. The goal is to detect any damage such as corrosion, cracks, or other defects.
- **NDT (Non-Destructive Testing) Inspection:** Using techniques like ultrasonic, magnetic particle, or eddy current testing to measure material thickness and detect hidden defects.
- **Hull Cleaning:** The removal of marine growth, algae, and other organisms (biofouling) that have attached to the ship's hull. This is crucial for reducing water resistance, improving fuel efficiency, and lowering emissions.
- **Propeller Polishing:** Cleaning and polishing the propeller to optimize its performance and efficiency.

## Why Choose Us

- **Expert Team:** Our technicians and staff are certified and have extensive experience in the maritime field.
- **Quality and Standards:** We provide services and products that adhere to international quality and safety standards.
- **Quick Response:** We are on standby 24/7 to handle emergency calls, ensuring problems are resolved as quickly as possible.
- **Competitive Pricing:** We offer the best solutions at competitive prices without compromising on quality.
- **Integrated Services:** You only need one partner for mechanical, repair, and provision services, saving you time and administrative costs.

# Our Portfolio

Repair activities on a vessel that experienced engine trouble, which were carried out by our team of experts.

# Get In Touch

We serve various main ports in the Riau Islands and are ready to reach other locations according to customer needs.
